EDUCATION

10th-Khantura Girls High School ,2019

12th- Khantura Girls High School ,2021

B.Tech - Compure Science & Eng

BENGAL INSTITUTE OF TECHNOLOGY

University - MAKAUT , 2021-present

Current CGPA – 9.05

TECHNICAL-SKILLS

- C -Language
★★★★★
- Python
★★★★★
- Java
★★★★★
- My – SQL
★★★★★
- HTML-CSS-JS
★★★★
- Linux
★★★★

PROFILE

I'm always an enthusiastic person when it comes to technology. I like to enhance my knowledge in new technologies. So far, I have completed various courses related to Web Development. I have coding skills in C, Python, Java, and DSA. I also have an understanding of Agile Methodology. I have worked on projects in Python and Web Development, acquiring knowledge in different sectors such as DevOps, Raspberry Pi, AR-VR, and UI-UX designing.

EXPERIENCE

Intern–Acceleratron

- **Website Auditing Role**
- **Web Developer**

PROJECTS

- Built a software **CUSTOMER BILLING SYSTEM** .It is a lightweight, secure ,cost efficient software which can be used in local shops to generate an bill after shopping.
- **SMART HOME AUTOMATION** an IoT based project using Raspberry Pi provides a feature to access all the electronics of a house example as well as it senses humidity of electronics devices.
- Designed the **FRESHERS WEBSITE** of the college using HTML, CSS, JAVASCRIPT.
- Using Agile Methodology, A team put together by Acceleratron we developed a **Desktop Chat Application** using MQTT (mosquito) server, embedding the server in the Back-end code we moved on to develop Front -End using python.
- **3D Augmentation of any Object** using AR-VR in Python.

NON-TECHNICAL SKILLS
